### Cutting of pins with a thermic lance

Dear Mr. Walzer,

We are pleased to confirm that you have fulfilled all our placed orders in terms of cutting of seized up pins by means of a thermic lance on our shipcranes and harbour mobile cranes to our fullest satisfaction.

your high grade of mobility and commitment in organizing all required tools in advance enabled a considerable limitation of crane down time.

we can recommend you without reservation.

with best regards

I.V. Fröhlich Harald after sales director ship cranes

I.V. Leonhardsberger Günther after sales director harbour mobile cranes
